WIBC Bible College - God and your DNA
Online study Bible College with many free Articles, and a growing curriculum of courses.

God and your DNA

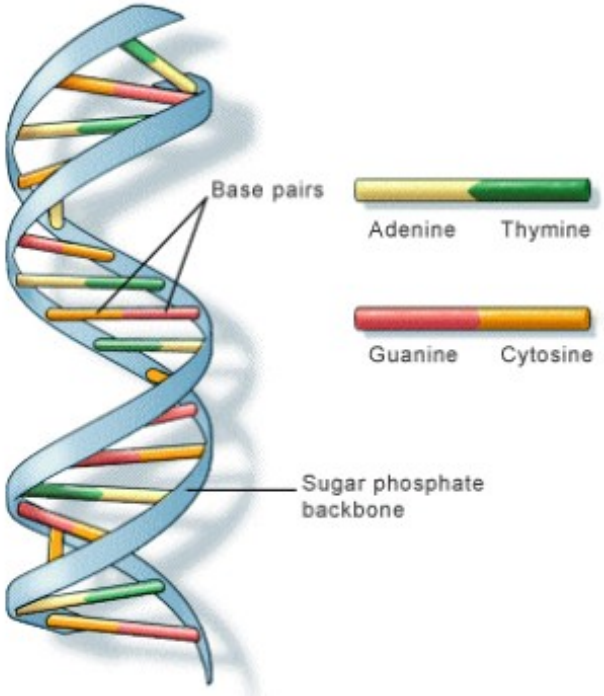
DNA is in all things created by God. It is the blue print of you and your characteristics, and how you will look. It is unique to you and is even being used to identify people in today's world. God is in the details of all creation and this article will true show just how deep it goes! unless more is found by man!

DNA is the most complex way to store information, and man has for years tried to duplicate the way it does this, so they can build DNA data drives to store data, or bio living drives with supper fast transfer speeds. this research is still going on today.

Bio-metric identification system, Human bio-field hacking and now new super drugs incorporating RNA DNA and mRNA which are all DNA base bio technologies, have all come from the research and development of DNA editing and even designing new life forms and clones. The science world has gone mad for DNA and the Godly powers it gives them each great step they achieve in working with DNA.

Will any of this be for the better of man? Only for a short time.

Your DNA consists of two strands of various Chemicals and Chromosomes, and proteins, tightly twisted together in a strand. When your body grows new cell to heal or just replace dead cells, DNA is used to map-out the job in hand.



Technology such as Crisper-9 is used to cut, edit and paste parts of DNA strands, and its being used now to produce supper drugs and even health services that can check Embryos in the womb for defects. There has been talk for sometime now of custom designed babies where they take the mother egg and make genetic changes to it and place it back in the womb to develop.

Where does all this start to effect Gods work and you?
Its quite simple. All these DNA messing bio technologies cumming out now will mutate your DNA. DARPA and UK's MOD are working on and now using bio-weapons that target certain DNA types and even wepeon payloads that can remove a part of DNA in you. How? Any cell that comes in contact with this type of payload will get mutated and changed, then the changed cell does the same to other cells and so forth until the scales tip to the other side and your done!!! changed, NOT HUMAN anymore.

Well that was the layman's terms description of it all, and its much more detailed than that, but the key here is the ability to change human DNA and even target people via weapons payloads such as spray bombs or aerosols and nano carriers via injections.

Now we move into the Godly stuff.

If your DNA is changed on a massive level, or even by a tiny percentage, then you are not you anymore. God made you a certain way, and when that way is corrupted by man you are no longer what God made. Does the Bible talk of this? Yes it does.

We have courses at our WIBC college that cover the Bible's Numerology in great detail, showing undeniable proof that God wrote the Bible through inspiring Man with his spirit. The way the maths were done and how it just flows with the word itself, is a real eye opener into Gods way and how he does all things well. The KJV Bible is the only one to read. If any of the verses or chapters are changed or removed, the numerology fails to work. Its a great way to sign your book and authenticate it at the same time.

Just as God signed and authenticated his book, so did he the same to you!
Yes, Gods signature is in your DNA, this is our first wow moment coming, but there will be more as we move through this.

My people are destroyed for lack of knowledge: because thou hast rejected knowledge, I will also reject thee, that thou shalt be no priest to me: seeing thou hast forgotten the law of thy God, I will also forget thy children.

Hosea 4: 6.

Clearly God wants us to gain knowledge as we are destroyed through lack of it. In this instance that means,,, pay attention, keep an open mind, and turn to your Bible and not man for the answers.

It is the glory of God to conceal a thing: but the honour of kings is to search out a matter.

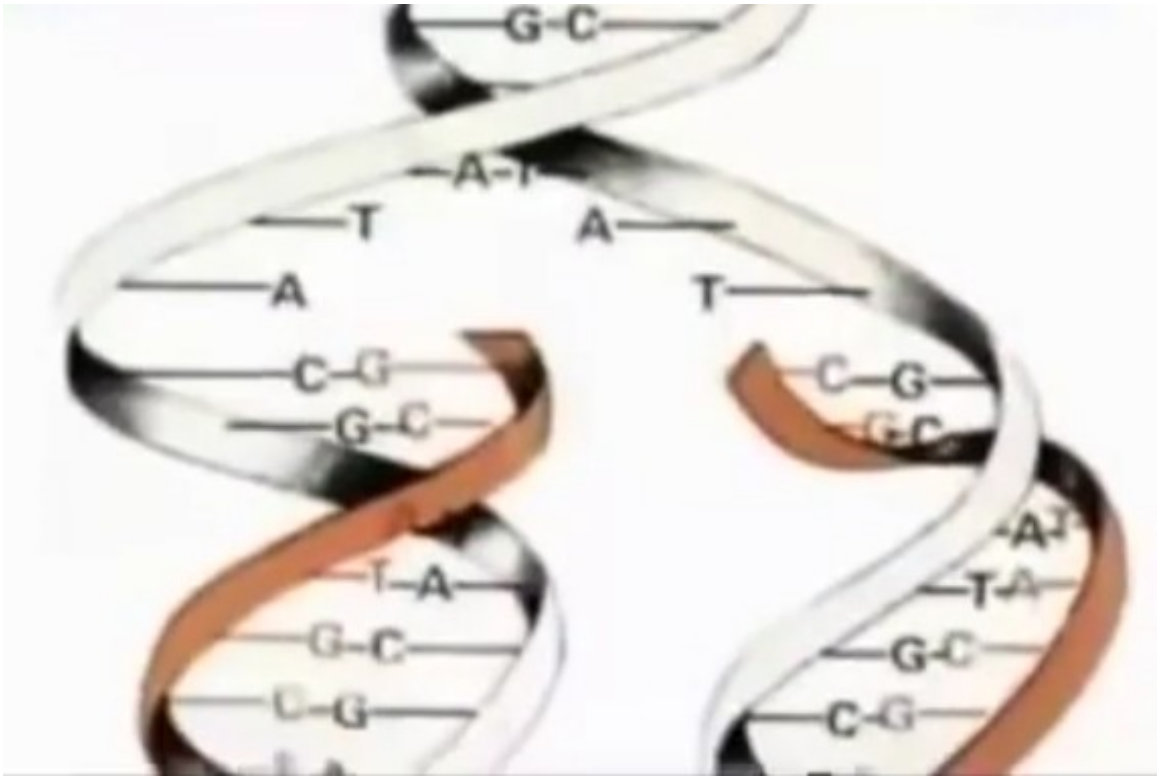
Proverbs 25: 2

It is the glory of God to conceal a thing, and he has done this with many things, DNA included. God wants you to search out, look for find things, in the Word and the World. Without knowledge we are destroyed.

We all have the same format of DNA unlike other species, because we are of one family, Gods family, who he is watching destroy themselves by not coming to the faith in Christ and bevelling in him. God is watching man after taking from the tree of knowledge in Eden, destroy mankind with knowledge, but has a Child of God and Christian God wants you to seek knowledge for understanding with a righteous heart and not for war, evil and self gain.

The signature that is in our DNA

taking a piece of DNA strand that decoded with computers we have a piece of Human gnome. In that gnome is a sequence of letters, "C,T,A,G,C,T,A,G" etc. This is going down through the DNA strand. These letters where derived from the DNA structure and found to be the only way to map out the Gnomes in the DNA segments. Finding this order of lettering in DNA lead to a research project that uncovered some unexpected patterns in the coding of the DNA.



Using computers and a bunch of clever people (scientist falsely called), and ancient manuscripts involved in the translation of the Bible and recordings of ancient history, which today is very much hidden, altered and lied about. It was found that every ancient language when closely studied all had letters that linked to precises numbers that never changed. Arabic, Hebrew and Greek were among some languages studied along with sanscript, all known as the ancient root languages.

It took this group many years to complete their research, but they found that the numbers referenced elements on the periodic table of life, which are also found in chemical chains in the DNA strand, found in life and the world around us as we know it.

Did the ancients around 4000 years ago know about the periodic table and the elements in life and creation, also found in ordered sequences in our DNA?

There is now a great deal of proof that the Egyptians were a very advanced race, and not the clay pot and skirt wearing builders claimed to be. So the letters of the ancient alphabets were studied and the numerology of those languages had numbers matched those of the periodic table that listed elements found in our DNA.

As research continues they found that if they took the sequences of DNA in a cell, and converted them to the numbers, from ancient alphabets, they found that the letters spelt words and the words had meaning, therefore proved intelligence was behind creation. This lead to a book being released in 2004 called the God code, but we want the God stuff, not the new age stuff.

There is an intentional message placed in the DNA of all life on this earth.
This message in the DNA takes place in layers, and each layer has its own code that must be deciphered, understood. In the top most layer of our DNA genetic code is a message that spiritual leaders and teacher have been trying to tell the world for centuries.

The top layer of the DNA is the only one that has been most understood and decoded, and when the coding is put to letters it laterally reads.

"God eternal within the body"

What did the scientist say in papers released and interviews, after this discovery... "We don't know who put that there", "We don't know exactly why its there". ARE YOU FREAKING KIDDING ME!

The lead scientist claims they followed a set of instructions in ancient text, following said languages married with the science today, and that was what they found. It seams they are pulling hard to keep this in the confinements of science and not God.

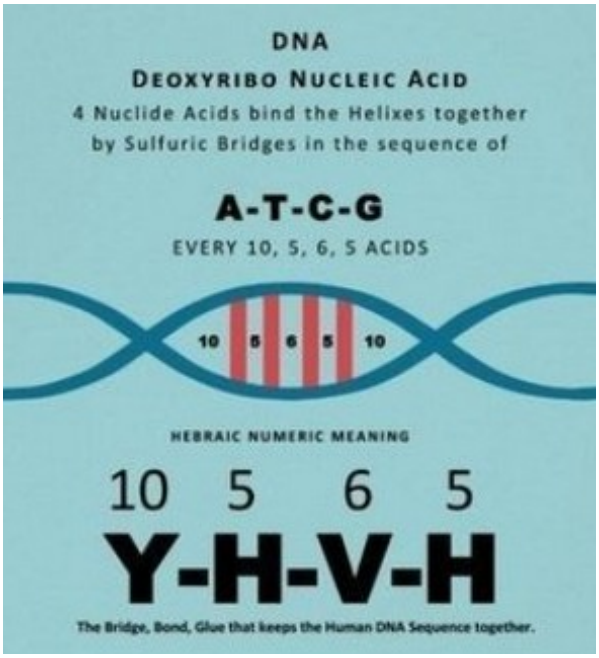
Even though God has done this and proved his existence and hand in creation of all things and the earth. Science is still pulling that quote "A greater intelligence which may return to earth one day" . Its so sad when we see Gods work this great still held inside the realms of science, and they still hold on to Evolution claiming "it just proves that Evolution is Incomplete but perhaps God started it off".

The heart is truly deceitful
New number patterns were claimed to be found. Researchers at Harvard university began cross referencing the patterns with language database, and discovered it related to ancient aramaic, the language Jesus spoke in his time on earth. When this new found pattern was entirely decoded, they claim it translated to "Hello my children, this is Yahweh the one true lord, you have found creations secret, now share it peacefully with the world"

This one may be a lie, and may play a role in the great deception to come, of there being a different so say, better faith to follow which through technology will also offer greatly extended life. You know that one world religion that will save us all, except you have to be completely deceived in order to be in it.

So man will take this finding and corrupt it into its meanings and use it for misdirection, consider this article as a warning not to fall for any alien greater intelligence junk that's coming our way.

What's the real take from this
There is a code, and its amazing and truly done by God.



Your DNA is a double helix which right turns into a tightly wound DNA strand. There are multiple sulphur bridges in the DNA which follows a pattern (shown in red). Every ten steps there's a bridge, then every five, then every six, then every 5 there's a bridge and it repeats through the whole Helix of the DNA.

If you take the Hebrew Alpha numeric values of these repeating numbers and convert them to letters, you get "YHWH" constantly repeated along the helix chain. Yhwh is the Jewish word for God, so Gods name is WRITTEN IN YOUR DNA from start

Note there is two 5's and two 'H's. The word meaning for these characters in Hebrew is "Behold, Behold". The symbol for the 'Y' in Hebrew is the Hand. The 'W' is a nail.

The Name 'Yhwh' in Hebrew means..
"Behold the nails in my hands"

For by him were all things created, that are in heaven, and that are in earth, visible and invisible, whether they be thrones, or dominions, or principalities, or powers: all things were created by him, and for him:
And he is before all things, and by him all things consist..

Colossians 1:16,17

God new Satan would corrupt your temple, (your body) so God put his signature in you and all of his creation that has DNA. Later we explain how Satan can and is corrupting the DNA of those that do not have the truth in them or Christ.

Now its well known now that Satan will deceive the world and bring in the beast system Via technology. This leads us to believe the internet will play a lead role as the technological platform for the information and data side of the beast system. Perhaps the time will come when you cant use the internet without a digital ID or mark of the beast or both.

The 'W' in Hebrew is a nail..!!! so the internet..... World Wide Web is three nails.. Jesus was crucified with three nails.. one in each hand, and one in both feet crossed. Satan is a copy-cat, and God uses numbers in his own way as many of our Bible courses explain.

'W' is the 23rd letter of the English alphabet so 'WWW is 23, 23, 23.

2x3 = 6 , 2x3 = 6, 2x3 = 6

What are the chances of this falling into place so precisely? very slim. On Satan's part just like God, its all by design but with deceptions and lies. mRND rMNA and Crisper-9 bio technologies are being used now to edit and alter, and hack and corrupt your DNA through medication pharmaceutical products.

If your DNA changes away from what God created it to be, then you are no longer what God created. FACT!

The DNA 'Yhwh' code is from the beginning (first) to the end (last) off your DNA strands

ALPHA and OMEGA
"I am Alpha and Omega, the first and the last:"

Revelation 1:11

In the midst of the street of it, and on either side of the river, was there the tree of life, which bare twelve manner of fruits, and yielded her fruit every month: and the leaves of the tree were for the healing of the nations.

Revelation 22:2

Revelation 1:11 (1st chapter) Revelation 22:2 (last chapter)

The grace of our Lord Jesus Christ be with you all. Amen. (last verse)
