The days of Noah

Did giants walk the earth?

We have all seen the photos of people from the 18th to the 21st century who were from 7 to 11 feet tall or more. We know from Scripture that things were tough in Noah's time, and if you study the book of Enoch you will read of giants in those times of great heights, mighty men seen on old structures and statues and recorded by man in stone.

The first mention of giants in Scripture is in Genesis 6:1–4, immediately before the account of the Great Flood. This reads as follows:

1 And it came to pass, when men began to multiply on the face of the earth, and daughters were born unto them,

2 That the sons of God saw the daughters of men that they were fair; and they took them wives of all which they chose.

3 And the Lord said, My spirit shall not always strive with man, for that he also is flesh: yet his days shall be an hundred and twenty years.

4 There were giants in the earth in those days; and also after that, when the sons of God came in unto the daughters of men, and they bare children to them, the same became mighty men which were of old, men of renown.

The "sons of God" referred to here were fallen angels who disobeyed God. It was not intended by God that angels should have offspring with human beings. However Scripture

reveals here that there were some who did;

"The sons of God saw the daughters of men that they were fair; and they took them wives of all which they chose."

And; "When the sons of God came in unto the daughters of men, and they bare children to them."

And this passage in Genesis 6 also tells us that the beings created by this union between the fallen angels and human women were giants, who "became mighty men which were of old, men of renown." In the original Hebrew text the word translated as "giants" in this passage is "nephil," and therefore some people have referred to these hybrid entities as "nephilim."

In any case Scripture is clear that these were hybrid entities: part fallen angel and part human, which were cursed by God, and who brought great evil upon the earth. The descendants of these hybrid entities, the giants, continued to breed with human beings and corrupted the human genome. This is why the Lord God had to send the Great Flood.

The fall of the Devil and his angels is recorded in Revelation Chapter 12: 9

"And the great dragon was cast out, that old serpent, called the Devil, and Satan, which deceiveth the whole world: he was cast out into the earth, and his angels were cast out with him." This chapter also reveals that a third of the angels fell with Satan, and therefore two thirds remained faithful to God.

There are many views out there on what was around in Noah's time, and most of the bones found over the years are not given much attention. The view towards giants in old times is a subject under much criticism, and you will often see twisted theories brought out from corrupted modern-day scripture versions along with deliberate misinterpretations.

With some careful study of Scripture using the authorised King James Bible 1611 we can find a lot of evidence of giants. IF you don't think the Bible can be good evidence you should look at our course on Bible Numerology which outright proves the authenticity of the English King James 1611 Bible.

Genesis 6:4

***There were giants in the earth in those days**; **and also after that**, when the sons of God came in unto the daughters of men,*
*and they bare children to them, **the same became mighty men which were of old, men of renown.***

And God saw that the wickedness of man was great in the earth,
and that every imagination of the thoughts of his heart was only evil continually.

And it repented the Lord that he had made man on the earth, and it grieved him at his heart.

Many archaeologists have found proof of giants, and most of the time it is played down into the background, not making it into mainstream media. After all if this became common knowledge how could S.t.n defame the Bible and its teachings? How could he maintain his lie of things from 60 million years ago? According to the Biblical genealogies Adam was created by God 6000 years ago. Many skeletons and bones are before the Great Flood which was around 2350 BC. However Genesis 6:4 also confirms that there would be giants "also after that." And so we read in Scripture how David the shepherd boy who was later to became the king of Israel killed the giant Goliath. This was around 1000 BC. Goliath also had four brothers who were later killed by David's soldiers when he was king.

And when Moses brought the children of Israel out of Egypt into the promised land, they also encountered giants, as shown in these Scriptures:

Numbers 13:32,33

And they brought up an evil report of the land which they had searched unto the children of Israel,
saying, The land, through which we have gone to search it, is a land that eateth up the inhabitants thereof;
and all the people that we saw in it are men of a great stature.
And there we saw the giants, the sons of Anak, which come of the giants:
and we were in our own sight as grasshoppers, and so we were in their sight.

Deuteronomy 2:10,11

The Emims dwelt therein in times past, a people great, and many, and tall, as the Anakims;
Which also were accounted giants, as the Anakims; but the Moabites call them Emims.

Deuteronomy 2:20,21

That also was accounted a land of giants: giants dwelt therein in old time; and the Ammonites call them Zamzummims;
A people great, and many, and tall, as the Anakims; but the Lord destroyed them before them; and they succeeded them, and dwelt in their stead:

see also: Deuteronomy 3:11 - Deuteronomy 3:13 - Joshua 12:4 - Joshua 13:12 - Joshua 15:8

- Joshua 17:15 - Joshua 18:16.

Petrified in a short time

All these theories of giants and big animal bones found being over 10,000 years old are lies. The petrifying of flesh and bone can happen in around 250-300 years. Evidence of items and flesh wearing items from the late 18th century have been found and documented.

Scripture is very clear in explaining how giants walked the earth in Noah's time. Then the Great Flood was sent by God and all was squashed down in thick layers of mud in a matter of minutes. In Scripture it states how the children of the fallen (watchers) known as the giants became mighty men.

Why did God destroy the earth with a flood?

Genesis 6:17

*And, behold, I, even I, do **bring a flood of waters upon the earth**, to destroy all flesh, wherein is the breath of life, from under heaven; and **every thing that is in the earth shall die.***

Genesis 7:6

*And Noah was **six hundred years old** when the flood of waters was upon the earth.*

We hear many of the opposition say God is evil because he killed everyone. The TRUTH is he did it because there was no good (except Noah's family) left on the earth but only evil in the minds of all men. The world could not carry on like that so it was reset for the sake of mankind not his.

Genesis 6:5

*And God saw that the wickedness of man was great in the earth, and that **every imagination of the thoughts of his heart was only evil continually**.*

The world is very evil today, but can you imagine how bad it would be now, if God let things continue so that the world was just a pure evil place. Well, sadly it has become just that! Again! only this time the chaff from the wheat will be sorted, and the earth will be cleansed with fire. (Quick explanation, there's more to it).

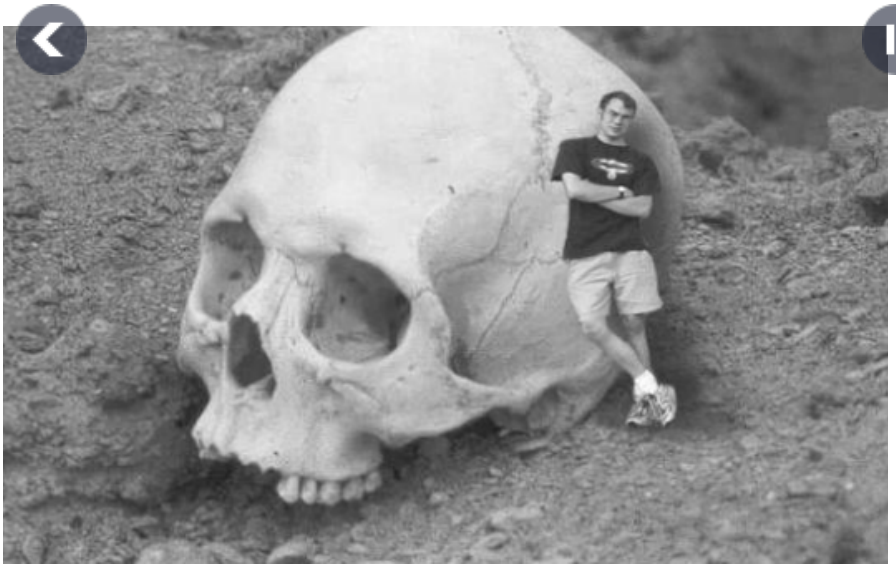
After the Flood

So after the flood had gone, and Noah's family tree grew, filling the earth with souls again, those that perished under the remaining mud shifts and land falls petrified into stone over time leaving the earth filled with their remains, along with history written in stone.

This big boy should thank God he/she was given the mercy of being taken before that huge snake took a bite. You can clearly see the snakes skeleton wrapped around the body, up to the neck in a choke hold perhaps. It looks like the giant was struggling on the ground to get free or knocked to the ground by a mud flood from the great flood.

Many animals on the earth in Noah's time were giants, from sea animals to land animals many have been found petrified in stone. There is just to much of this all over the earth for it to be a freak effect from erosion or earths movements over time.

Study the following slides for yourself. Its very hard to search the internet for pictures articles and books on this subject because its very existence gives proof and authority in Bible scripture. That is something the prince of this world wants kept hidden from as many as possible.



Noah's ark, was a proved finding by Ron Wyatt.
